

Vriksha

A living botanical field-journal — warm paper, deep forest greens, and clay-toned accents. Tactile, editorial, calm. Built for daily logging of 35 seed buckets from dormancy to bloom.

Color Tokens

Paper-cream base, forest green primary, clay accent, gold & sage secondaries.

BASE

Paper Cream

--paper
#F6EFE1

PRIMARY

Forest Green

--forest
#2C4A38

Type Pairing

Fraunces for display & headings — Work Sans for data & UI.

DISPLAY · FRAUNCES

Bucket 14 — Marigold

Day 23 since sowing

UI & DATA · WORK SANS

Watered today at 7:40 AM

First true leaves visible. Soil moisture holding well after yesterday's rain. Height ~4cm.

Growth Stage Scale

Six stages, earthy tones progressing toward bloom.

Dormant

Germinated

Seedling

Vegetative

Budding

Flowering

Sample Components

Soft rounded cards, paper texture, gentle shadows.

IN BLOOM

8 / 35

buckets flowering this week

STAGE PILL

Budding

Pills carry the stage color as solid fill with dark-on-light or light-on-dark text for contrast, plus a small dot echoing the accent.
